

WATERLEAF HOMEOWNERS' ASSOCIATION
ASSOCIATION REOPENING PLAN

Dear Residents:

The health and safety of our residents are of utmost importance. We are aware that Florida is working on creating different phases to reopen the State. Here at Waterleaf HOA, your Board and your Management Team is also reviewing our internal "Reopening plan" for the Association.

Once the plan is established, reviewed and approved by Association legal counsel, and each Phase is ready for rollout, we will be communicating the plan to the entire community. Please note that even if specific amenities do open, they may have certain restrictions you will have to abide by.

Sincerely,

Anna Rusenko
Property Manager
